BIO KOREA has been held every year since 2006 and serving as a business platform for international bio companies.

Sponsored by the Ministry of Health and Welfare, BIO KOREA is a place of practical business correspondence as well as international information and technology exchange, invigorating the bio industry. In its 15th year of bringing together various international academics, professionals, and CEOs of global bio companies to obtain, exchange, and discuss diverse affairs, through exhibition, business forum(partnering), and conference. BIO KOREA has been providing abundant opportunities to assure competitive edges within the convergence industry centered around biotechnology. We cordially invite you to attend BIO KOREA 2021 which will be held both online (June 9-21, 2021) and on-site (June 9-11, 2021).
